Jean-Paul Bourelly | Band of Gypsys Reloaded

Jean Paul Bourelly | guitar, vocals

Melvin Gibbs | bass

G. Calvin Weston | drums

Most of the tracks are from Hendrix's recording with the Band of Gypsys. Great intense playing by all three musicians.

They give respect to the original arrangement but as is always the case with Jean-Paul's groups, they do take it somewhere else. A good document for collectors done by one of the best interpreters of the music of James Marshall Hendrix.
